Map & Terrain: Map 1:10000 with 5 m contours updated winter 2012. Maps are A3 printed on waterproof paper. Control descriptions are printed on the front of the map. Thanks go to the Yarborough Estate Office for permission to use Pillar Woods which is a fast open working forest with a network of

wide rides. There are both numerous rootstocks varying in size from 0.2m high stumps to 1.5m high fallen trees and numerous knolls the majority of which are overgrown former rootstocks. When a rootstock becomes a knoll can therefore be a matter of interpretation.

HAZARDS: There is a certain amount of debris, farm machinery and log piles lying around. The other hazard that you will encounter are the numerous holes created by the burrowing animals these can be large and deep - take care.

Special Symbols used: Green **X** indicates Rootstock Black **X** indicates Shelter

Control Descriptions: Control descriptions will be on the front of the map. All courses will use IOF symbols. White and Yellow courses will have written descriptions.

Additional symbol used for control descriptions: Cross within a circle - Rootstock :
