HULL-O 2017

HULL OLD TOWN, MARINA & VICTORIA DOCK VILLAGE

Sunday 25th June 2017

Parking	The council's car park on Tower Street on the East side of the River Hull is our choice for the event and costs **£1 for the day.** You will need coins for the machine. An overflow car park may be needed and will cost £2 for up to 4 hours. This overflow car-park does not have a height barrier and therefore is usable by motor-homes and other tall vehicles. The overflow car park is close by and on the left just after passing under the A63 dual carriageway on route to 'The Deep'. For ease of navigation, you may wish to follow the signs for **'The Deep'** to access the car parking which is across from a tall Premier Inn. You may park elsewhere if you wish but please do not park on residential roads in the Victoria Dock Village. The following is a link to the Hull City Council car parking areas in the City Centre, see **Tower Street. Follow 'Citadel way' to 'Tower Street'.** http://www.hullcc.gov.uk/portal/page-_pageid=221,766002&_dad=portal&_schema=PORTAL The car park is between the Premier Inn (tall building – 12 storeys) and the River Hull.

Terrain	Hull City centre is very flat and there will be no climb of any significance on the courses. The area consists of a partly pedestrianized area together with the narrow cobbled streets of the old town. Within the mapped area are the River Hull, the Marina, Victoria Dock Village and the Pier fronting onto the Humber Estuary. All of the areas of water are uncrossable except by the marked bridges. The walkways that are used alongside the River Hull are fenced or are behind a sea wall. Courses are planned to avoid proximity to unfenced water in The Marina. The map is crossed from East to West by, the very busy, Castle Street (the extension of the A63). Castle Street shall only be crossed using the underpasses marked. The courses have been planned to make the underpass option the optimum route.
Map	The map has been extended by Neil Harvatt to include Victoria Dock Village at a scale of 1:5000. Maps for all courses will be printed on A3 waterproof paper by 'BML PRINT'. Control descriptions will be available in the start lanes.
Officials	*Planner:* Charlotte Ward *Controller:* Pete Harris **Organiser:** Brian Slater
