neil@halo-orienteeing.org.uk
Planner Neil Harvatt
Controller John Butler, HALO
- TERRAIN** Swinemoor Pastures is a fast open area with few line features (mainly ditches) and hasn't been used for orienteeing for over 20 years (apart from one local event). The area is bounded to the east by the River Hull and it is bisected N-S by the Barmston Drain which is uncrossable apart from at the marked crossing points. To the east of the drain the land is partly wet and marshy, only the longer courses will visit this area. The whole area is generally flat with pockets of trees and thickets and some minor form line detail. The land is grazed by horses, keeping the grass short and fast. At this time of year there are numerous areas of standing water which have been mapped to the best of the mapper's ability.
- MAP** 1:7,500 scale. 5m contours. New map for 2012. A4 size.
Maps will be pre-marked on waterproof paper..
- FACILITIES** No toilets please use any available on your way to event.
(Beverley Town Centre)
- SAFETY** Competitors take part at their own risk and are responsible for their own safety. The Night event is intended for YHOA and BOF members only, any other participants must contact the organiser at least one week prior to the event.
- NEWCOMERS** Newcomers are always welcome at HALO events. Bring a compass and ask at registration for assistance.
- INFORMATION** Up to date information, results and future fixtures can be found on the HALO web-site www.halo-orienteeing.org.uk
