**ORGANISERS COMMENTS**

Firstly I wish to thank Malcolm and John for their guidance with my first attempt at organising an event, and also to everyone who helped on the day to make the event a success, thanks also go to the game keeper of the woods Alan Brett. I was a little surprised to find that I had been asked to organise the 20th anniversary event and despite a little trepidation on the morning, I believe the event went off without too many problems and although we had the typically April weather after the weeks of sun, I hope all those who took part in the event enjoyed the day as much as I did.

**Trev Oades**

**PLANNERS COMMENTS**

I was given the "honour" of planning the 20th anniversary event (thanks Neil!!), 10 years after Isoldt, my wife, was the organiser at the 10th anniversary event held at Primrose (remember the mugs?).

Having used the eastern side of the road predominantly in recent years, For a change I decided to utilise West Wood. Although notorious for its dense undergrowth, I attempted to plan courses around the knee high brambles. When one starts the planning process 6-8 weeks in advance it is difficult to envisage the extent of the spring growth - especially the nettles. I would like to thank Malcolm for keeping me on the straight and narrow (within the BOF Guidelines) and Trevor for his enthusiasm and local knowledge.

I still hope to be competing in 10 years time - will my daughter Amber be controlling by then ? The way she enthusiastically planned the string course on this occasion, I hope she maintains a youthful interest in the sport we all enjoy.

**Pete Harris**

**CONTROLLERS COMMENTS**

I hope that our event got you into some pleasant areas of Broughton and you were able to enjoy (not too long) the wood anemones, bluebells, cowslips and primroses and for the longer courses the wild garlic on the way to the last crossing.

Pete tried to get you into the lesser brambled areas of the map - but the heat and rain of the previous week changed everything - more leaves and I swear the nettles grew 6" in that week!

My apologies go to those runners who were affected by the mistake on one of the orange master maps.

My thanks to Brian Slater and the use of Ocad7 to update the mapping used by the longer courses.

**Malcolm Humphrey**

### **COLOUR BADGES**

A competitor qualifies for a colour award (other than white) by attaining the colour coded standard for that course on three separate occasions.

Pairs can qualify on WHITE, YELLOW and ORANGE.

A white badge is awarded for completion of three white courses.

To claim a badge, write to / e-mail : Dorothy Smith see link [YHOA Badge Scheme](#) link for further details.
