Back to School.....

....well that's what it felt like for me last Sunday, at the LOG Lincoln City Urban Race. It was great to see lots of familiar faces but hard having to engage the brain once again!

Not all of us have been on an orienteering break though, many of you kept competing during the Summer. If you have any results, stories or photos that you would like to share, please get in touch.

I did however notice that Neil Harvatt, the Field Family and John Butler all had a good White Rose Weekend. John coming away with the M70s White Rose Title. Well done.

Lincoln City Race.....

I counted fifteen HALO members running on Sunday, on what was a glorious Sunday morning.

The heat and the distance needed to run on a flat course, hurt some more than others.

George Van Dam and Dom Simmonds made it a one - two for HALO on the men's junior course, whilst Brian and Charlotte Ward both won their respective classes. Brian was running M40 and Charlotte was WO, but both ran Course No.2 finishing three seconds apart!

Wayne Byrne just missed out on a podium place in the Men's Open, whilst Dave Jolly and Brian Hostad battled for tenth and eleventh on M40.

Coming Soon.....

If you haven't looked at the HALO website for a while, now would be a good chance to catch up.....
